I enjoy the permitting process and understanding local jurisdictions across the county. I can identify how infrastructure & zoning can influence the success of a community. I would enjoy being part of the planning committee when a spot is available. I currently work as a commercial interior designer for RSP Architects' national design team. I have designed spaces from 1000SF to 100,000+SF. My husband and I bought our first home in 2015 in West St. Paul and love our neighborhood but know it could improve as well. We recently had our first child in Sept. 2016.
