**List your past and present civic activities or memberships which may be helpful to this committee.\***

I served as an Officer of PTA at Heritage Middle School for 3 years, am currently helping to manage a food drive for Neighbors Inc, and will be working with the Vote Yes group in support of school referendum. I have also served on the Parent Ambassadors Network (PAN) as a representative for Heritage for 3 years, and now for Sibley.

**List two or three goals that you would like to see accomplished during your term on a commission.\***

The board, committee or commission on which I might serve are TDB, so let me provide some broad accomplishments I'd like to help the city achieve.

1. Putting efficient processes in place for the community to provide more useful input and to be better informed on city government
2. Increase the diversity of perspectives within the various city councils, committees and positions - and ensure effective succession management practices are in place.
3. Increase the level of civic engagement across the city, getting more people involved in assisting the city to meet its goals, and improving our community.

**How did you become interested in serving on a committee?\***

I have become more engaged in my community in general, and want to do my part to assist with the hard work necessary to support and improve the quality of life for people in WSP.
