

explore the doors

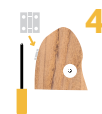

What would your door look like?

Design a door of your own.

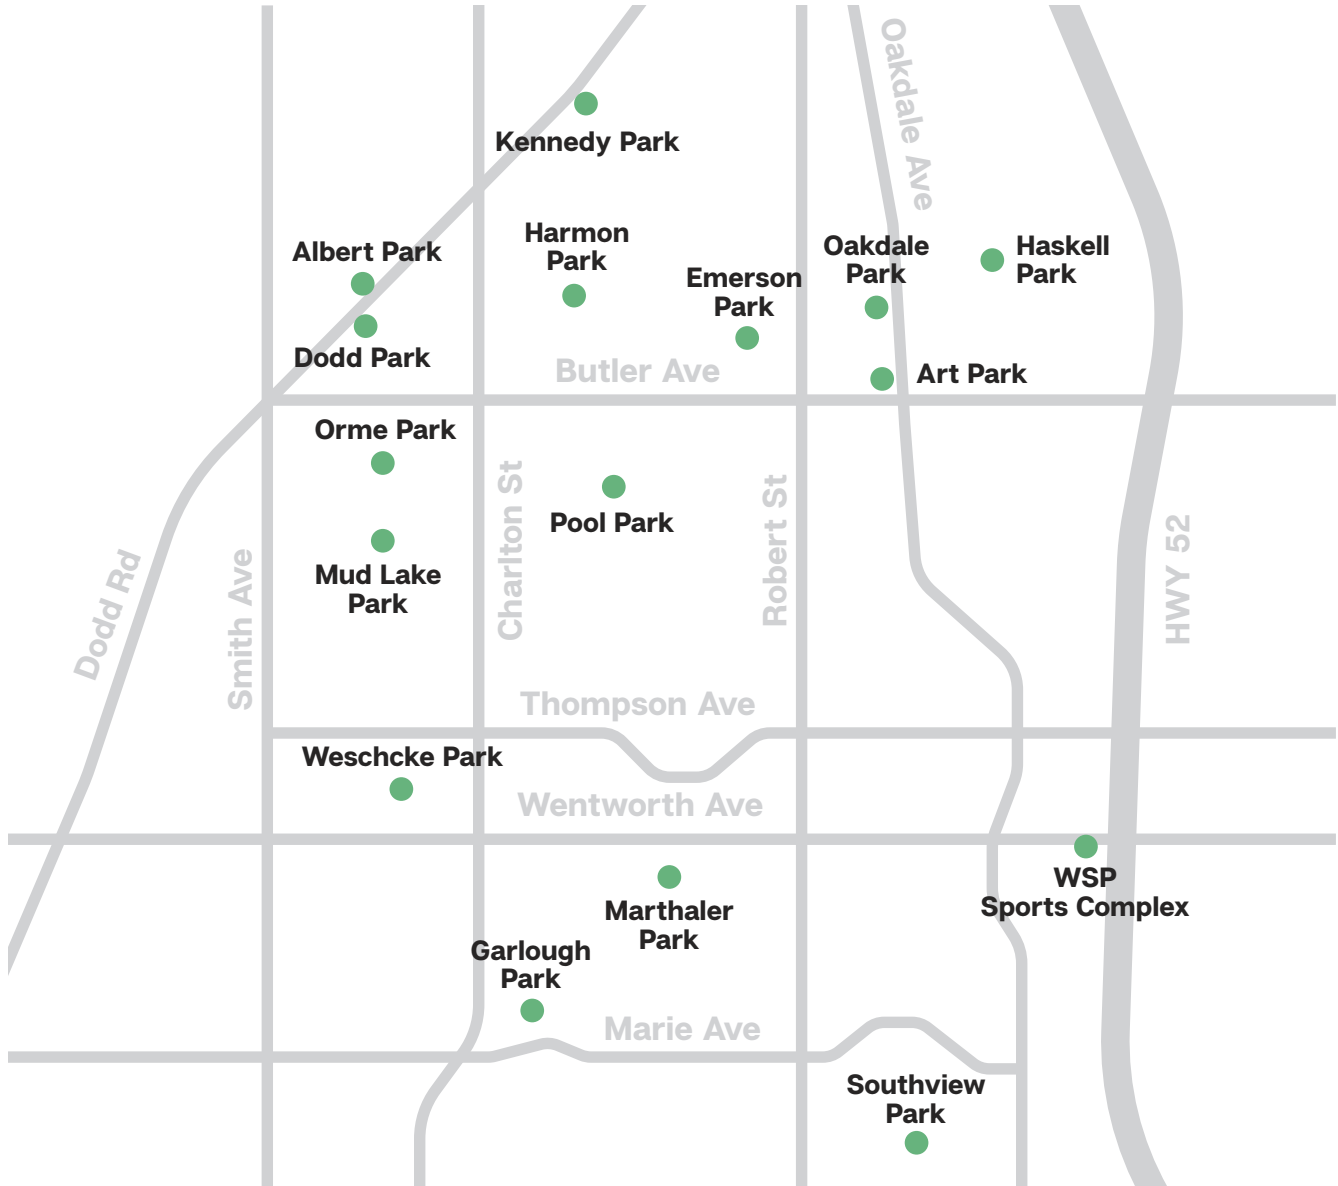

Let's make it!

- Step 1** Find a good spot
- Step 2** Make a template with paper or cardboard
- Step 3** Ask an adult to help cut it out of wood
- Step 4** Install a hinge and a handle (knobs work great)
- Step 5** Use stainless steel screws to attach to your tree
